

We collect ourselves along with
fragments
From the past. From our environments.

Infrastructure and Regeneration
Urine Manure Soil Dust
A Totem of Bioenergetics

Accruing like soil.
Living as Perennials.
Restoring fertility.

Spreading

Out In

When soil disturbance is absent
A future balance— Finds support
We gain. A 'gain.

All Ways

- Degraded Cropland
- Bioenergy Cropping Systems
- Intensive Rotational Grazing
- Conservation Plantings
